Winter Holidays Home Work (Session 2025-26) (Pg.1-7)

Class - II

Dear Students

Winter is no reason to stay inside all day. Just because the sun is hiding doesn't mean it's time to hunker down and hibernate. During colder months, it is important to get the family outside and maintain activity even though there may be some frost on the ground. Besides, winter months bring on a whole new set of fun activities to explore. Go out with your family in a park and enjoy playing under the sun.

Just a little Note
