Dear Parents,

Summer Vacations are here. A few vital suggestions are listed below to make the vacations more exciting and fruitful than ever before :

- Keep at least half an hour a day for sharing experiences with your child.
- Encourage your child to speak in English. Fix one hour in a day when you communicate with your child only in English.
- Tell your child different stories regularly and encourage him/her to describe what he/she would do in a similar situation. Here are a few suggested titles which you can read with your child.
 - a. 'Hare and the Tortoise'
 - b. 'Emperor's New Clothes . Thumbelina '
- Let your child color, draw, paint, play with water and sand etc. Restrict his or her television watching, confining it to interesting children's programs, cartoon films, discovery channels etc.
- To improve the formation of letters, make your child write a page everyday. Develop self help skills: Let your child dress and feed on his/her own.
- Make him understand the importance of cleaning his room and putting away toys and belongings after use.
- Take your child out for picnics and to other places of his/ her interest. Ask him/her to make a note of all the places he/ she visits and the things he/she sees so that he/she is able to discuss his/her experience in class after the vacation.
