Dear Parent(s)

'Great things happen to those who don't stop believing, trying, learning, and being grateful.'

Education is strengthened with a determined faculty and cooperative parents, who support the teaching-learning endeavours governed by the school authorities, for the enrichment of the students. Since April 2020, continuous efforts have been showcased by the staff members and authorities to facilitate the students with innovative learning resources through the virtual classes and strengthen their conceptual knowledge. However, there are some essential guidelines which are suggested for the parents to follow in order to accomplish the learning process of the students productively.

- Kindly keep the computer/TV in an open space of the house to monitor the time spent by children on the internet.
- Discuss and jointly practice cyber safety and wellness measures frequently.
